HENS AND MUSIC  
LIGHT IN THE DARKNESS  
GETTING EVEN WITH U. S. A.  
—By Arthur Brisbane—  
(Copyright 1930 By King Features  
Syndicate, Inc.)

THERE IS NO REALLY important news this Monday morning, except that Mrs. Thornton, who runs the Gunning River Poultry farm, near Lakewood telegraph office where this is written, says she gets 15 per cent more eggs by turning on the radio in the hen house at 3 a. m.

SCIENCE SAYS IT IS SIMPLE. The hen gets up earlier, because she likes the music, or more probably, intelligent creature, she buries her ears in the straw of her nest and lays an egg, from habit. With electric lights turned on them until late at night, and music starting at 3 a. m., the hen can sympathize with the modern American business man.

It is always dangerous, however, to say that there is no important news. Louis, the XVI one day toward the end of the eighteenth century. He shot nothing and wrote in his diary the one word rien, meaning "nothing." And that day as it happened, was the July 14 on which the Bastille prison was torn down, starting the revolution that cut off Louis' head.

He would not have written "rien" could he have looked ahead, poor man.

MRS. EMILY NEWELL BLAIR, eight years vice chairman of the Democratic national committee, sees "light in the darkness, sailor." She thinks Mr. Hoover will not run again in 1932. Coolidge or Morrow will be nominated, tariff and not prohibition will be the issue, and maybe a Democrat will be elected.

IT IS A BIG MAYBE: and tariff will not push prohibition out of first place. The tariff, for the average man is a matter of theory, vague, like the Monroe doctrine.

Prohibition is a matter of fact, and opinions concerning it are definite.

MANY WORKERS believe that it has something to do with the present lack of jobs. They cannot exactly tell you why, but "times seem to have been better when there was no prohibition."

AND ONLY A LITTLE while ago with everything booming, savings banks bursting, wages going up, you were told that prohibition had done all that.

Others believe that excessive income tax, discouraging new enterprises, encouraging government extravagance with its annual billions of intake, puts a damper on national effort.

Something seems to be wrong for the moment, an nobody knows what or why.

When all went well, everybody could explain it.

"GETTING EVEN WITH THE United States is not simple. Our tariff annoys Europe, and Europe would like to retaliate. But how?

ITALY raised her tariff on automobiles to impossible heights. We make near all of Europe's low priced cars, so that seemed a good idea.

But France complains and says to Italy, "we must have some carefully worked out general plan. Your new tariff hurts us."

## PLANE MISHAPS COST LIVES OF NINE PERSONS

Stunter Dies Trying To Rescue Woman In Tangled "Chute"

## TRAIL BLAZERS FALL IN LAKE

Student, Instructor In Fatal Crash At New York Port

(By The Associated Press)  
Nine lives were lost in the nations Sunday airplane accidents.

Six persons were killed in the midwest, two in New York and one in California. Of these, three died when planes plunged into water and another dropped to death attempting to rescue a society aviatrix from a dangling, tangled parachute.

At Ruthven, Iowa, a plane banked preparatory to landing and crashed from a 50 foot altitude. Kenneth Wilson, 20, the pilot, Sioux City, Iowa, was killed instantly. Vera Hughes, 17, Ruthven, a passenger, and Ernest Southworth, 24, mechanic Sioux City were fatally injured.

Parachute Catches On Plane  
Making her first leap, Mary Fahney, 18-year-old society girl in oak park, a Chicago suburb, caught her parachute in the plane and dangled 1,000 feet in the air for nearly two hours.

After one ship unsuccessfully tried to lower a rope ladder, Bruno Schustek, professional parachute jumper, jumped down a 75 foot knot, rope from another plane. Just as he reached Miss Fahney, her parachute became disentangled and she floated to a perfect landing.

Hundreds below watched Schustek try to climb up the knotted rope. They saw him slip slowly, then drop to his death. Friends said he had apparently exhausted his strength and collapsed.

Plane Crashes In Lake  
Blazing an air route from Chicago to Mackinac Island, Mich., for the Continental Airways, Inc. Berte Kogler, 28, and Duane L. Heller, 28, both of Chicago, were drowned in Lake Michigan when their cabin aquaplane plunged into the water south of South Haven, Mich.

Witnesses said the plane had veered out over the lake to avoid shoreline bluffs hidden by fog, and was flying low. Coast guardsmen recovered the body of Kogler.

Dick Dodds, of Santa Anna, Cal., manager of life aviation department of the Union Oil Co., was stung above the Sunday crowds at Laguna Beach, Cal., when his plane lost altitude in a sideslip, failed to right itself and dived into Crescent bay.

Martin Wilksa, 19, a student pilot, and John W. German, 40, his instructor, were killed at Floyd Bennett field on Barren Island, New York.

## HOLIDAYS BRING DEATH TO MANY

104 Lose Lives In U. S. During Three Days; 121 Are Drowned

CHICAGO, July 7.—This year's celebration of the Fourth was a triple jointed affair—Friday, Saturday, and Sunday and the nation paid with 226 additional lives for the extra fun she had.

The three day holiday altogether cost 404 lives.  
Fireworks and toy pistols killed 29, a small percentage of the total, yet regarded as large in view of the restrictions against fireworks in most parts of America. The automobile took 178 lives, and 121 persons were drowned. Airplane accidents, heat, heart attacks induced by holiday excitement, lightning, and other causes connected directly with the holiday resulted in 76 deaths.

The week end, saw a mounting mercury, with a consequent increase in the lure of bathing beaches—and a consequent increase in deaths by drowning and prostration.

In the Chicago territory yesterday there was a congestion on many beaches that had never before been seen. Conservative estimates were that more than 700,000 persons sought relief during the day at the Lake Michigan bathing places along the Chicago shore.

Chicago, too, experienced one of its most serious traffic jams, with an estimated million automobiles choking her highways.

## 22 New Autos Are Sold During June

LISBON, July 7.—There were 1,302 automobiles of sales filed for record with Clerk of Courts John A. Noble during June, fees for this service amounting to \$325.50.

The majority of these bills of sale had to do with used cars, although bills of sale for 222 new pleasure cars and 18 new trucks were included in the record.

## Completes Loop

MISS DOROTHY HESTER, 19, of Portland, Oregon, completed the first outside loop ever made by a woman in the history of aviation. She did the difficult feat over the Tex Rankin Airport on June 29.

## MERCHANTS PLAN PICNIC DAY AT PARK IN CANTON

Join With The News In Sponsoring Affair At Meyers Lake

Salem merchants and The Salem News have joined in sponsoring a community picnic for residents of Salem, nearby villages and rural areas, to be held at Meyers Lake park in Canton on Wednesday, July 23.

Arrangements for the event have just been completed and the park has been reserved for Salem families on that day with plenty of free rides for the children as well as many other attractions provided by the park.

Probably one of the greatest of these for children and grownups alike, is the largest zoo. Among the many animals are seven lions and one of the largest camels in captivity. A large number of other animals, including bears, tigers, jackals, coyotes, elk, buffaloes and many others are on display.

Dancing will be without cost in the afternoon while reduced rates will be effective at the bathing beach and roller skating rink.

The bathing beach is one of the most complete in this section and many mechanical contrivances add zest to a swim in the lake. Life guards are in attendance at all times and the beach is roped in.

An outstanding feature of the park is a covered picnic grounds, provided with benches and tables, which will shelter pleasure seekers should a shower occur.

A large launch makes trips around the lake.

Tickets for various rides and entertainments will be distributed among children without cost by Salem merchants in the near future. Valuable prizes also will be awarded in children's events. These will be announced later.

## Salem Men Named In Damage Suit

LISBON, July 7.—As a result of an automobile wreck on the Salem-Damascus road, three miles west of Salem at 5 o'clock the evening of June 14, 1929, James G. Shope of 872 Wright avenue, Alliance has filed a \$5,000 damage action in common pleas court against Earl Hinton and Faye Latschaw of Salem.

The petition filed by Attorney Geiger of Alliance has set up that while Hinton owned the car it was being driven by Faye Latschaw, west on the Damascus road and crashed into the Shope car that was proceeding in the east lane of traffic.

Recklessness and negligence is charged against the defendants.

The car was made by heirs to the estate of A. Otis Silver, late Salem manufacturer who died May 6. Since Mr. Silver's death and up to the time of the transaction the plant was operated by heirs.

The plant manufactures feed cutters. Possibility for the addition of other products and enlargement of the plant with resultant increase in employment is foreseen by Walton. Wick is president of the Mahoning Valley Mortgage company of Youngstown.

## AKRON BALLOON REMAINS ALOFT IN ELIMINATION

Others All Down After Long Voyages; Storm Eliminates Ten

## CAIRO, ILL., HAS REPORT OF BAG

Two Others Near Tie In National Race; Land In Kentucky

BULLETIN  
(By The Associated Press)  
HOUSTON, TEX., July 7.—The balloon Goodyear Zepplin, piloted by R. J. Blair landed at Greensburg, Ky., "yesterday evening" said a telegram received here today. The balloon, according to unofficial computations here, covered the greatest distance of any of the entries in the national elimination race.

HOUSTON, TEX., July 7.—With 14 of the 15 entrants grounded, interest in the national elimination balloon race today centered about the Goodyear-Zepplin, last sighted over Cairo, Ill., yesterday morning.

Word from R. J. Blair, its pilot, and an official decision by the committee in charge were necessary before the winner could be announced.

Of the fourteen bags reported down, The Detroit Times and the United Van Service of Cleveland apparently had traveled nearly the same distance. The Detroit Times descended five and a half miles south of Russellville, Ky., and the United Can at Kirksville, Mo.

Behind the leaders was the navy balloon piloted by Lieut. T. W. G. Settle with Lieut. R. G. Mayer as aid, which came down seven miles north of Dover, Tenn., approximately 695 miles northeast of here.

Lieuts. W. Bushnell and J. A. Greenwald of the navy had landed at Pigot, Ark., about 100 miles west of Dover.

Thunderstorms had driven ten of the contestants down in a 75 mile area around Texarkana.

There were reports of great difficulties for those who fought the troubled air areas around Texarkana and lost. All over the region men were tossing out ballast—even down to their clothing and their flood. One, Dr. George Le Galle in the Kleviator, cut away part of his basket and came down, along with his aid, R. W. Ebert, clad only in underwear. J. S. Cortines of Dallas who looked after arrangements for Le Galle's flight, declared last night.

## SILVER COMPANY FACTORY SOLD

Company To Continue On Same Basis As In Past Years

Sale of the Silver Manufacturing company, 707, South Elmworth avenue, to E. Mason Wick of Youngstown, was announced by H. A. Walton, general manager, today.

The company has been incorporated and will continue operations as the Silver Manufacturing company. Walton, secretary of the former organization, was appointed general manager and has assumed his duties.

The sale was made by heirs to the estate of A. Otis Silver, late Salem manufacturer who died May 6. Since Mr. Silver's death and up to the time of the transaction the plant was operated by heirs.

The plant manufactures feed cutters. Possibility for the addition of other products and enlargement of the plant with resultant increase in employment is foreseen by Walton. Wick is president of the Mahoning Valley Mortgage company of Youngstown.

## Too Many Flat Tires Result In Driver Deserting Auto

A five-passenger sedan, apparently in excellent condition with three exceptions is today in possession of the Salem police department while Police Chief T. W. Thompson is conducting investigation to determine why its owner abandoned the car near this city's limits Saturday night.

Efforts to trace ownership of the car are at a standstill when Chief Thompson reported that no license number such as that borne by the car was listed in license directories issued by the state motor vehicle department. Investigations conducted by the police department disclosed the following details leading to the abandonment of the car:

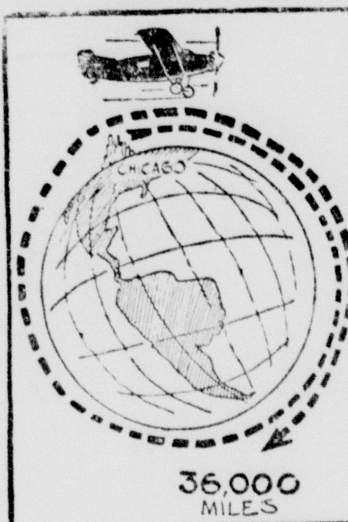

The auto was seen touring the downtown business district by residents here during the evening. Proceeding east on East State st. one rear tire went flat. A minute later the second rear tire was flat and soon the motorist was driving a vehicle without rear tires at all.

Rims of both rear wheels were seen whirling down the street but the driver proceeded unaffected. As if the entire program was planned, the tire on the left front wheel became deflated as the car turned north on North Lincoln ave.

Shouts from other machines and pedestrians gave the driver ample notice of his predicament. Still the tour continued.

Driving into the city the same night Patrolman Ralph Stoffer discovered an abandoned automobile 40 yards north of the corporation limits on North Lincoln. Further investigation showed that rear tires were missing and one front tire was flat. The occupants were missing and are still missing.

If the Hunter brothers had made their endurance flight in a straight line, they would have circled the globe one and one-half times, as shown in the sketch above. They have flown more than 36,000 miles.

## SPECIAL MUSIC ARRANGED FOR CONCERT HERE

Second Musical Event Of Year To Be Held At Centennial Park

Marches, overtures and ballet music will be featured in the program of concert band music which will be given by the Quaker City band at Centennial park at 3 p. m. today.

The program as announced by John W. Hundertmark, veteran director of the band, includes the overture, "Spic and Span" by Jewell and the novelty number "In a Persian Market" by Ketelby.

It will be the second of a series of outdoor concerts planned this year by the band. The first was given last month and despite threatening weather conditions, attracted more than 1,000 Salem music-lovers.

Favorable weather is predicted for the concert tonight. The complete program follows:

March—"Greater Canton" King. Overture—"Spic and Span" by Jewell.

"In a Persian Market" by Ketelby. Ballet Music and "Soldier's March" from the opera "William Tell" by Rossini.

March—"Invercarquill" by Lithgow. "American Patrol" by Meachour.

## First Ohio Wheat Sells At 80 Cents

LONDON, July 7.—The first of the new wheat crop in this section was received today at a price of 80 cents a bushel. A year ago the first harvesting brought \$1.15 a bushel and the bulk of the crop sold at from \$1.25 to \$1.35 a bushel.

The crop this year was reported of a high grade and averaged from 12 to 22 bushels an acre. Many farmers were reported storing their grain because of the low prices.

## Heavy Storm Hits Youngstown Area

YOUNGSTOWN, July 7.—A heavy hail, rain and wind storm swept the city at 3 p. m. yesterday, uprooting trees and carrying debris onto the streets.

Debris washed down by the rain covered Genesee drive and Volney rd. At the Mill Creek park residential section and parts of South ave., near the bridge and adjacent alleys in that section. No property damage was reported.

The storm drenched Sunday pleasure seekers. Last night roads west of the city were covered with a blinding fog at midnight making motoring hazardous.

## Recover Body

SANDUSKY, July 7.—The body of Roy Hallen, Cleveland, had been recovered today after he was drowned in Lake Erie when a boat, occupied by him and his two companions, Emmett Hallen, a brother, and Jack Gable, also of Cleveland, capsized. The other two youths suffered from exposure.

## GANG DEATHS IN CLEVELAND WAR MOUNT TO FIVE

Two Killed In Underworld War Saturday; Known To City Police

## GIRLS FIND BODY IN OLD CANAL BED

Killings Are Mysteries To Police; Search For Slayers

(By The Associated Press)  
CLEVELAND, July 7.—Death count of Cleveland's underworld wars of the last two weeks stood at five today.

While detectives and police squads searched the city yesterday for the gangsters who mowed down Joe Proello, corn sugar overlord and Sam Tilocca, Saturday, three girls walking along the old Ohio canal in Valley View village discovered the body of an unidentified man.

The man had been gagged, shot in the temple and his body dumped in the stream. Probably a week ago. Detectives were certain that he was the victim of some gangland vengeance, but no one recognized him at the morgue and the condition of the hands defied efforts to trace him by Bertillon records.

Porello and Tilocca will be buried in expensive bronze caskets in double funeral services Wednesday. Meanwhile police were looking for their slayers, thought to be four men, with two angles of the corn sugar industry competition in mind.

One was that Porello had attempted to work his way into the Akron territory, while another was that he was the victim of enemies incurred after he succeeded the slain Lombardo brothers, "Big Joe" and John, as chieftain in Cleveland.

Still two more murders of the last two weeks remained mysteries. One was that of Charles Volotta, "muscle man" who was slain within a square of Saturday's double killing and the other was of Morris Komisarow, known as a lieutenant in several liquor rings who was taken from Lake Erie with a bullet wound in his head.

## HAIL STORMS LEVEL CROPS

SERIOUS DAMAGE OCCURS IN Ohio From Storms; Island Hit

CLEVELAND, July 7.—One of Ohio's worst hail storms of recent years cut diagonally across north-eastern Ohio late yesterday and night, causing damage estimated at thousands of dollars.

Heavy hail storms, each of a half hour's duration, twice struck in the St. Clairsville vicinity last night, covering the ground with pellets of ice. Extensive wheat fields, ready for the harvest, were leveled and maturing corn was slashed to pieces.

Farmers in the vicinity of New Philadelphia and Dover in Tuscarawas county said their growing crops were considerably damaged late yesterday. Many windows were shattered as hailstones fell that occasionally were as large as walnuts. Lightning struck and destroyed a barn near Strasburg, Tuscarawas county. In Dover, automobile tops were pierced and windows were broken.

Many trees were blown down on Kings Island, near Sandusky, and the grape crop was badly damaged by hail.

At Wellington, it was reported hailstones three inches in diameter fell in the streets and several windows were broken.

## MONEY ORDERS ARE WORTHLESS

Salem Merchants Lose \$200 In Bad Paper; Postoffice Was Robbed

Circulation of worthless post office money orders totalling more than \$200 was reported by five Salem merchants to postal officials here today.

Each of the merchants received a money order for amounts of \$25 to \$50, it was reported. The worthless orders were received at two J. H. Lease company drug stores, the Brown Drug store, the J. S. Douth Tire company and the Greenstein Tire service.

The orders originated in Rennerdale, Pa., where the post office was robbed in January.

WATCH FOR THE QUITTING BUSINESS SALE OF THE FAIR STORE.

## Southern Beauty

THE beauty title at the University of Mississippi went to Elizabeth Capps of Tupelo, Miss., during Mardi Gras at school.

## ACCIDENTS FEW DESPITE HEAVY AUTO TRAVEL

Casualty List Low When Autos Crowd Roads Through Ohio

Despite heavy highway traffic throughout Ohio, casualties occurring in the state are reported low during the past weekend. Few deaths are reported in state-wide casualty lists while no serious accidents occurred in Salem and vicinity, police reported here today.

An East Palestine youth was seriously injured in an accident occurring near Canfield Friday night. His father, a girl and a friend sustained minor injuries in the accident. A Mount Vernon resident was killed and four others hurt when their automobile turned over near Newark Sunday night while near Cleveland an Akron man was fatally injured and four others hurt when their car crashed into a ditch.

Clayton Schindler, son of Mr. and Mrs. Emil Schindler, of East Palestine, is in South Side hospital, Youngstown, in a serious condition, suffering from possible internal injuries sustained when the automobile in which he was riding collided with another machine between Canfield and Boardman. He is given slight chances for recovery.

His father sustained a fractured arm while Max Palmer, also of East Palestine, was cut by flying glass. The car collided with a machine driven by Tony Norvilli of Youngstown. Three persons, passengers in Norvilli's car, were injured slightly.

Traffic in Salem is believed to have been the heaviest of the year. Streams of automobiles entered the city from every highway during Sunday.

## HOOVER LAUDED FOR ATTITUDE

Churches Here Send Word Of Commendation For Navy Efforts

Two letters, one to President Herbert Hoover and the other to Rep. Frank Murphy and Senators Fess and McCulloch regarding the ratification of the treaty for the limitation and reduction of naval armament signed at London, April 22, last, were approved by the large congregation at the Sunday evening service at the First Baptist church, where a meeting was held in the interest of peace. This was a union service of the Baptist, Christian, Friends, Methodist and Presbyterian churches.

Rev. Homer Phillips of Damascus, who attended the Institute of International relations, sponsored by the American Friends Service Commission and Haverford college at the college at Haverford, Pa., gave a report of the institute, and discussed peace, mainly from a Christian standpoint.

Rev. Phillips is of the opinion that when the nations of the world know each other better, they will not want to kill each other.

The speaker brought out the thought that only the spirit of Christ in the individual's heart can bring a real peace.

KAUFMAN'S GROCERY AND MEAT MARKET WILL CLOSE WEDNESDAY AFTERNOONS UNTIL FURTHER NOTICE.

FAIR STORE, NEARLY \$20,000, WILL BE SOLD AT SACRIFICE.

## INCREASED USE OF INSTITUTION CAUSES ACTION

Reference Room Will Be Included In New Addition

## GIFT PROVIDES NEEDED FUNDS

Auditorium Will Also Be Added; Changes In Arrangement

Plans for the construction of an addition to the Salem public library were announced by a building committee composed of members of the institution's board of trustees today. Work is scheduled to start immediately.

The addition will be constructed on the rear of the present building and is made possible through funds provided in the will of the late Mrs. Helen S. Carey as a memorial to her husband, Ashbel Carey. Mrs. Carey was the founder and first librarian of the Salem library.

General contract for the construction of the addition has been awarded to the Otto Medicus Construction company of Youngstown. The Salem Hardware and the R. E. Grove Electric company of Salem were awarded contracts for plumbing and heating and electrical wiring.

Contracts Total \$17,500.  
Bids of the three contractors totalling approximately \$17,500. Work will be completed in less than four months.

Construction of the addition was necessary this year because of the vast increase in the library's popularity with Salem people. Miss Alice Gladden, librarian for the past three years, stated today.

The addition will be constructed to provide a new reference room which will be 40 ft long and 28 ft

## A MILD CHALLENGE

Residents of Washington are envied more frequently, probably than residents of any other large city in the United States. There has grown up about the capital a pleasant tradition of unbothered ways—a sort of Utopian existence among beautiful buildings and trees, and unfretted by the penny whistles of politicians. The casual visitor to Washington strolls up and down its wide avenues, sighs and wishes that his city could come under the control of congress so that he might be surrounded by the beauties of architecture, landscaping and sculpture even as his fortunate brethren.

The longing is increased by the structure of government in the District of Columbia. Theoretically, it is perfect. On paper, it is free from petty politics and scheming politicians. Its power descends from above; it is not coaxed from below. The three super commissioners appointed by and responsible only to the will of the President are not forced into dealings with ward bosses or any other local vote potentates. It is slightly amusing that the nation's capital should be entrusted to a form of government so widely divergent from the national ideal, but few bother much about that.

J. Frederick Essary, a Washington resident for many years, is one of these exceptions. In the July issue of the American Mercury he records consternation over what he calls "taxation without representation" in his city. Mr. Essary's analysis is complete and his exposition is lucid. Congressional differences over the year's appropriation for the District of Columbia add much force to his case.

The general tone of Mr. Essary's complaint is represented in the following paragraph:

"It is difficult . . . to conceive of a more execrable municipal government than that now imposed upon the inhabitants of the District of Columbia. In theory, let it be said again, the system is as near perfection as anything governmental can be. It is unfettered, unpolitical, unselfish, incorruptible, and driving toward disinterested ends. But in practice it has become an oppressive and an unconscionable autocracy, without a tempering degree of benevolence. It is contemptuously unresponsive to the wrongs and needs of the individual citizen. Much of this arrogance might be forgiven if it were competent, but its utter incapacity to govern is manifest to any student of municipal affairs who bothers to examine the record."

Petty municipal politicians are bad, but professional national politicians are proportionately worse, reasons Mr. Essary. Congress members lose no chances to feather their own nests. The President, who is the city's theoretical "mayor," has little time to devote to affairs of the district and the district commission, a body without real power, is expected to assume the responsibility. Mr. Essary points out with telling effect that the District of Columbia is policed by four separate groups. Two street car lines duplicate each other's services. Two gas companies, commonly owned but operated separately, serve Washington's residents. The taxpayers, who contribute approximately 75 per cent of the tax budget, have no vote and little influence. Mr. Essary consumes a half dozen pages enumerating other examples of official tyranny, confusion, neglect and imposition. The entire interlocking system of government in Washington he brands a dangerous failure. The Washington resident he describes as "a political orphan." He concludes his article:

"If the people of the district are never again to have a voice in their domestic affairs, if they are to go

on forever subject to the rule of misrule of an autocracy, the head-on affair that now harasses them should give way to a single governing body. All agencies of municipal government should be placed under some responsible and commanding figure, with ample power to afford the capital an intelligent and decent administration."

It is a forceful appeal, even after discounting liberally for Mr. Essary's natural residential prejudices. President Hoover's natural bent for efficient consolidations should prompt him to consider it as a mild administrative challenge.

## What Others Say

## THE CRIME COMMISSION

Under the leadership of President Hoover a commission on law enforcement, composed of men highly qualified for the work, is investigating the whole question of law violation in the United States. Any American who looks the situation in the face will agree that something should be done to bring about a lessening of law violation in this country. The crime statistics show an enormous and ever-increasing list of law violations. The President's so-called crime commission is engaged in an important work seeking the causes for these great increases in crime and preparing to make recommendations which should aid in reducing crime. Yet the senate of the United States is not content that this work should continue. By its vote recently on an amendment to the deficiency appropriation bill it reduced the sum to be used by the crime commission to \$50,000, instead of \$250,000 recommended by the President, and provided that the commission should confine itself entirely to the subject of prohibition.

The President's law enforcement commission already has done a great deal of work. It should be allowed to complete this work and submit its recommendations to the President and to congress for their guidance in administrative and legislative work. The effort of the senate to confine the scope of the commission's inquiry to prohibition and its enforcement is picaresque. It is a pennywise, pound-foolish policy. Long before prohibition became the law the crime statistics such as they were, showed an alarming situation in this country. Criminals flaunted the law repeatedly with far greater immunity from punishment than in foreign countries. To be a murderer apparently was a less hazardous occupation than several other risky occupations which come entirely within the law. The great delays in bringing criminals to trial, all kinds of technicalities which have enabled shrewd lawyers to get guilty men off scot-free, the failure of the law to apprehend criminals, all contributed to the unfortunate and dangerous situation. Undeniably, the prohibition law has added a new and large group of law violators in this country. But as President Hoover has pointed out, the increase in law violations and the large number of such violations can not be attributed alone to prohibition. The list of murders and other crimes has been on the increase in this country for years. If there were no prohibition law, crime would still be rampant in America. Unless the crime wave is to be permanent, something must be done. It is for that purpose that the President's commission is making an exhaustive inquiry. And that inquiry should be completed.

President Hoover has announced that if the congress will not agree to provide the funds necessary for the completion of the work of the crime commission, he will undertake to get the funds from patriotic private Americans willing to contribute to such a cause. That the funds should be denied by the national legislature is a sad commentary.—Washington Star.

## Twenty Years Ago

(Issue of July 7, 1910)

George W. Sticker, Andover, Mass., has sold his farm of 48 acres, located west of Salem on the Benton rd., to Harry E. Moore, who buys it for a home.

Lisbon—Samuel Ruhl, a prominent farmer who lives east of here, was severely injured in a runaway accident last evening on his farm.

Columbiana—M. McCormick, furniture dealer of this place, while digging in his back yard last fall found a copper coin dated 1833, which is said to be one of the few known to be in existence.

Miss Linda L. Snyder, of Columbiana, has accepted a position as assistant principal of the Leetonia High school. Miss Snyder has been principal of the Columbiana school and is a teacher in English.

George Hartman, who has been an employee of the Denning company for several months, has accepted a position in Youngstown, and will leave for that place about July 21.

Mrs. J. E. Rollet and little daughter, Wiletta, and Mrs. Doris Smith, have returned to Deerfield after spending a week with relatives here.

## HEALTH

By Dr. Royal S. Copeland

## Factors To Be Studied

Referring to the various troubles that "man is heir to," the doctors speak of "functional" and "organic" diseases. An organic disease affects the structure of a particular organ, while a functional disease affects the action of an organ rather than its substance.

Among the functional diseases is epilepsy. Between attacks the victim of the disease is as normal in appearance, in actions and in mental activity as any of his associates.

Epilepsy has been described as the "falling disease." The victim falls as if shot. The face is very pale and the eyes turn upward. The head is drawn to one side or backward. The hands are clenched with the thumb doubled under the fingers. The entire body becomes stiff.

Following this condition, there are convulsive movements of the body face and limbs. The muscles twitch, the eyes roll, and there is frothing of the mouth. Unless carefully watched the tongue may be severely bitten.

Gradually the convulsion passes and the patient falls into a stupor.

On the other hand the patient's trouble may be so slight as to escape notice. There may be simply a suspension of the particular act in which he is engaged at the time. He may hardly realize that something untoward has occurred.

The frequency of the attacks varies. They may appear daily or even more than once a day. On the other hand, they may come on once or twice a month, or only once a year.

There is no association of epilepsy and lack of mentality. When I was a boy in school the smartest pupil in my class was an epileptic. Many victims are more than ordinarily bright.

Epilepsy is one of the most discouraging of the nervous diseases to treat. But at the present time, when special attention is being given to diet, occupation and the improvement of nutrition and the elimination of the wastes of the body, the outlook is more hopeful.

There are many factors to be studied. Uncorrected eye-strain, nasal trouble and other forms of irritation seem to have a bearing on the attacks. Undoubtedly disturbances of the intestinal tract is productive of much trouble.

Every person who has the symptoms of epilepsy should be placed under the care of an expert.

## Answers to Health Queries

J. E. F. Q.—Will you advise treatment for intestinal worms?

A.—Yes. For information send a self-addressed, stamped envelope and repeat your question.

L. M. K. Q.—What is the cause of enlarged finger joints?

A.—Some sort of infection present in the system is responsible for this condition. Have the teeth, tonsils, sinuses, kidneys, intestines and gall bladder investigated.

## The Stars Say

For Tuesday, July 8.

A day of radical and far-reaching events is read from the governing lunar and mutual configurations. With Uranus as the leading factor there is likely to be sudden and abrupt change, removal or journey, and these while bringing much personal happiness and benefits may also assume some disagreeable angles, especially if not wisely weighed and judiciously acted upon. Domestic social or romantic affiliations seem to be involved, lifting the affairs quite out of the ordinary or routine.

Those whose birthday it is are on the threshold of a year of adventure and radical events. There may be sudden changes or journeys, likely in connection with important developments in social, domestic or romantic circles. Although affairs generally will be lifted from the mediocre and routine grooves, bringing new plans, new friends and excellent new opportunities. A child born on this day should be versatile, artistically and socially, being well-equipped for great adventure, achievement and happiness in its outstanding career.

## HOOVER WORKS FOR QUORUM ON LONDON TREATY

Fear Opponents May Ask For Adjournment If Many Are Absent

CONFERS WITH 3 SENATE LEADERS

Administration Leaders Sure That Victory Will Be Result

(By The Associated Press)  
WASHINGTON, July 7.—President Hoover is using his influence to keep a quorum of the senate and a majority of supporters of the London naval treaty in attendance during the special session convening today to consider the pact. In this way, the chief executive is taking steps to forestall the principal strategy of the treaty's foes, which is to delay a vote on ratification and to force an adjournment if at any time a quorum call fails to produce the necessary 45 senators.

**Cut Short Honeymoons**  
At the President's behest, two administration senators—Smoot of Utah and Baird of New Jersey—are cutting short their honeymoons to be present and a third, Robinson of Kentucky, has altered previous plans with the same purpose in view.

How many telegrams, such as that dispatched to Smoot, were sent out by the chief executive could not be learned, but these developments came at the close of a week-end in which Mr. Hoover went thoroughly over the treaty situation with Republican leaders of the senate.

These conferences took place at the presidential fishing lodge in the Blue Ridge mountains. They were attended by Watson of Indiana, the majority leader; McNary of Oregon, the assistant leader; Fess of Ohio, the Republican whip and Walter Newton, secretary to the president.

**President Prepares Message**  
Over the week end, the President also devoted much time to the preparation of the message urging ratification to the treaty which he probably will send to the senate tomorrow.

Leaders of the senate were doubtful whether a quorum could be mustered for the opening of the session today, as many senators had not returned to the city after a holiday week end. They were confident, however, they could repel any attempts by opponents of the pact to bring about an adjournment.

In the event of a quorum attending today, Senators Swanson, Democrat, Virginia, was ready with a 12,000 word speech supporting the treaty and leading off the battle for ratification.

At the outset of the battle administration supporters were supremely confident that when a vote is reached the treaty will be ratified by an overwhelming majority. They expected the final roll call in about 10 days or two weeks.

## LIBRARY TO GET NEW ADDITION

(Continued From Page 1)

wide. The room which at present is used for reference work will be transferred into a reading room. The present office will be made into a gallery which will lead into the new department. Art exhibits will be placed on display in the gallery while a new office will be placed in the addition.

The new rooms will be constructed in completely modern architectural style while the reference room will be paneled with decorative old hickory. Stack rooms, where books for circulation purposes among readers are kept on shelves, will be located on east and west wings of the reference room.

**To Build Auditorium**  
One of the outstanding features of the project will be the establishment of an auditorium in the basement for the use of clubs during lectures or other public gatherings.

A vault will be installed in the basement where deeds, records and other valuables will be stored. Entrances to the addition will be built on Water st. and in the rear. The main entrance however, will be maintained through the old building with the use of the art gallery as entrance hall.

The plans and specifications for the addition were drafted by Charles F. Owsley, Youngstown architect.

Mrs. W. H. Dunn, Mrs. F. J. Emery and H. H. Sharp compose the library building committee which has been considering plans for the addition's construction for the past three months. G. R. Deming is president of the board of trustees which is composed of D. L. Davis, R. W. Campbell, Miss Judith Brooks, Mrs. Emery, Mrs. Dunn and Sharp.

## LOVE MURDERER GOES ON TRIAL

Ashtabula Man Charged With Part In Death Of His Wife

(By The Associated Press)  
JEFFERSON, July 7.—A brief love affair that the state charges whirled its principals into murder placed Tilly Smith, 26-year-old Ashtabula trucking contractor, on trial for his life today in connection with the slaying of his wife, Clara, two years his senior.

Smith was charged with first degree murder as the instigator of the plot in which Mrs. Maude Julia Lowther, 22, is alleged to have shot and killed Mrs. Smith.

A venire of 75 was summoned for the opening of Smith's trial today, but Prosecutor Howard Nazor did not expect the first day to produce a jury and said it might be necessary to call another venire.

Nazor was prepared to ask the death penalty if the evidence warrants it. He will conduct the prosecution unopposed.

Mrs. Smith was killed the night of May 29 while out riding with her husband and with one of her two small boys in her arms. The state charges Smith stopped in front of a clump of bushes where Mrs. Lowther was concealed and that Mrs. Lowther deliberately killed the wife with an old second-hand gun.

Smith at first said his wife was the victim of hate holdup men but, according to authorities, later confessed the murder plot. Mrs. Lowther, a divorcee and estranged from her second husband, was arrested later the same night at the home where she was employed as a maid. She too confessed when confronted with Smith's statement, authorities said. Since then, she has declared her love for Smith has changed to hate.

## Mrs. Hoover Returns To White House Duty

WASHINGTON, July 7.—Mrs. Hoover presided again today over the social and domestic affairs of the White House.

After more than a month's absence from the executive mansion and three months of virtual seclusion as the result of an injured back sustained in a fall, she returned late yesterday with the President from their Rapidan river lodge.

Her coming was unexpected. Although Capt. Joel T. Boone, the White House physician, had said last week that she had sufficiently recovered, it had been assumed that she would remain in the coolness of the mountains most of this month.

Well and strong again, however, and able once more to take up the chain of activity which she enjoys, Mrs. Hoover decided, herself, to return.

## Held In Slaying

CINCINNATI, July 7.—Burd Harp of near Goshen was being held in Cincinnati county jail today by officials who are investigating the slaying of Fred Sweeney, Clermont county farmer, who died of bullet wounds suffered on Harp's farm. Sheriff Robert Roberts said Sweeney objected to attentions paid his 18-year-old daughter by Harp, who is 40, went to Harp's farm to protest, and the shooting followed.

## RACE STRIFE IN ALABAMA AT END

Six Slain After Argument Starts Over Sale Of Battery; Hunt For Others

EMELLE, Ala., July 7.—Rifles and pistols were sheathed today as the strife torn village completed the burial of its dead—two white men and four Negroes—slain in disorders arising from an Independence day dispute.

Four other Negroes, each with a prize of \$300 on his head, still were at large, but virtually all of several hundred white possemen had given up a three-day manhunt, motivated after a Negro family engaged in a gun fight with a white family over the payment for an automobile battery.

Official rewards which have been posted for the four Negro fugitives, Gov. Bibb Graves said at Montgomery, "are not merely for Negroes who killed white men" but would be paid "for the arrest and conviction of anybody, white or black, responsible at Emelle."

On this principal Italy wishes to give further interpretation that the rights of all minor states will be guaranteed and that the last line of declaration between victor and conquered peoples will be eliminated.

## WOUNDED MAN HELD IN DEATH

Suicide, Murder Pact In New Jersey Visioned By Police

(By The Associated Press)  
PATERSON, N. J., July 7.—Suffering from a bullet wound in the head, Roderick Meakle, 28, concert violinist and son of a Paterson, N. J. banker, was under arrest in a hospital here today, charged with the murder of Miss Jennie Brauer, 22, who won prizes as a swimmer before coming from Germany two years ago.

Police accused Meakle of killing the girl, then shooting himself in a suicide pact into which the couple entered because another woman stood in the way of their marriage.

Miss Brauer's body was found in an automobile parked in a lane between Butler, N. J., and Pompton Lakes. Meakle was discovered yesterday wandering in a dazed condition through the wood nearby.

Two notes found in the car indicated that the couple had agreed to die together.

Police said they had learned that Meakle had been married secretly to Miss Jennie Murphy, 26, a school teacher in Paterson, at Bridgeport, Conn., Sept. 3, 1925, and that she had refused to agree to a divorce so he could marry Miss Brauer.

Members of Meakle's family denied that he and Miss Murphy were married. They said the couple had been engaged.

Meakle is the son of William R. Meakle, vice president and secretary of the Paterson savings institution. The family home is at Ridgecroft, N. J.

Miss Brauer came to this country from Germany less than two years ago. Her mother, Mrs. O. J. Kern, lives in North Haledon, N. J.

## NIAGARA FALLS CLAIMS ANOTHER

Buffalo Man Suffocates In Heavy Barrel After Drop

NIAGARA FALLS, Ont., July 7.—The body of George Stathakis, Buffalo Greek chef, who suffocated in a barrel in which he shot the Horseshoe falls, was at an undertaker's today awaiting claimants.

In a sealed cask of oak reinforced with steel he took the plunge Saturday afternoon. He carried oxygen sufficient for three hours.

The cask was recovered some 16 hours later, a bit battered and leaky. Stathakis was still strapped to a mattress he designed as a buffer. An old turtle-shaped, he called it, which he carried with him was alive. No injuries were apparent.

Coroner W. W. Thompson expressed the belief that Stathakis had lived six hours.

The journey from the cascades, through the rapids and over the falls occupied only 10 minutes. Stathakis received a severe battering in the rapids, the craft being tossed high by the turbulent current and hurled over rocks.

The barrel was not thrown clear but seemed to drop through the curtain behind the falls. There it was held for hours. When it did appear it was five hours before rivermen could catch it and tow it ashore. It weighed a ton.

Stathakis, who called himself a philosopher and wrote a treatise on "The Mysterious Vil of Humanity," took along paper and pencil to record his sensations, but did no writing in the barrel.

## AGED MAYOR TO FACE GOVERNOR

Drunkness Among Charges Fled Against Man; Supporters Sign Petitions

COLUMBUS, July 7.—Mathew W. Stutson, 82-year-old mayor of West Jefferson, was scheduled to appear before Gov. Cooper today to answer charges of misconduct in office.

The governor ordered the hearing June 20 after he had received a petition, signed by 200 West Jefferson residents, demanding removal of the mayor. The petition charged Stutson with gross neglect of duty and habitual drunkenness.

Another petition, containing the names of 400 of Stutson's supporters, was filed with the governor last week. It carried the statement that the signers considered Stutson competent and trustworthy to perform his duties.

Mayor Stutson has denied the charges against him declaring that his removal was sought for political reasons.

Miss Ruth Wyss, who was a member of the graduating class of the Nurses' Training school at Salem City hospital, last Thursday, returned to Cleveland on Saturday.

Mr. and Mrs. James Stewart and daughter, June, of Latrobe, Pa., are guests of Mr. and Mrs. Will Schopfer.

Mr. and Mrs. C. C. DeHoff of Phoenix, Ariz., are visiting relatives here. The DeHoffs motored in, coming by way of New Mexico, Texas, Arkansas, Tennessee and Kentucky, visiting points of interest enroute. They spent part of last week with Mr. and Mrs. George De Hoff at West Austinton.

A number from this place were in attendance at the Greenstein family reunion held at Lake Placencia last Saturday. Officers re-elected were: Clemmer Greenstein of Salem, president; Mrs. Mark Shelton, Salem, vice president; Miss Mildred Wyss, secretary, and Garry Greenstein, Salem, treasurer.

PERTH, WESTERN AUSTRALIA—Amy Johnson can look out for herself on the ground as well as in the air. A fellow tried to kiss the girl who flew from England. She slapped his face and off he went with a bleeding nose.

### Today's Pattern

The clean, fresh appearance of this delightful little model is created by the combination of printed fabric with white vestee and collar. The slim bodice lines are repeated in the joining of the skirt flare, making a most becoming frock for large figures as well as slender.

Pattern 1944 is particularly lovely made of dimity, voile, shantung or pique. White or pastel grounds printed in colorful small designs are ravishing for warm weather. There are sleeves, too, if you wish them.

May be ordered only in sizes 16, 18, 20, 24, 26, 28, 30 and 32. Size 16 requires 3 1/2 yards of 39 inch material.

### COUPON

### Lisbon Completes Children's Clinic

LISBON, July 7.—Physicians have concluded a pre-school tonsil and adenoid clinic at the offices of Dr. James N. Robinson, defects having been corrected in 14 children.

This is the first of a series of similar clinics proposed before the opening of the fall term of school.

The work was done by Drs. Robinson, Seward Harris and T. T. Church, the latter being county health commissioner.

The physicians are assisted by County Health nurses Miss Edith McMichael and Mrs. Margaret Geitz Smith of Lisbon, and Miss Elizabeth Steer health nurse for the city of Salem.

A dental clinic will also be held before the opening of the next school term.

## HOME-MAKING HELPS

By Wanda Barton

"I used to spend three hours preparing a simple dinner when I started housekeeping last year," admitted Letty, "and I wish someone had told me why then. It took me months to find out."

Letty plunged into matrimony and housekeeping almost at once after graduating from college, where she had been a brilliant student. She started to keep house in high self-confidence, intending as she put it, to apply to that job the same scientific concentration that she had formerly given to more abstract studies. Her house was beautiful to behold, when finished, and she gave lovely dinners. But—she was obviously overworked.

"I concentrated too much—that was the trouble," Letty analyzed her own case. "This idea of doing one thing at a time is fine for some jobs, but it should never be recommended to a housekeeper who does all her own work. That's what I tried to do—and that's why I had to work so hard, and yet rarely ever finished on time."

"No, what you need most is to learn how to do three jobs at a time. Concentrate on one only and it will take three hours to complete work that should be finished in an hour. 'Do you know, I actually used to cook one thing at a time, too. Hovered over the pots and pans. And while it's true I never spoiled a dish, the fact is I did waste loads of my own time which could more profitably be spent on pleasure."

The experienced housekeeper who boasts of preparing luncheon and most of the dinner while she cleans house, is able to do so because of careful advance planning. Certainly, most cooking should not require more than an hour or two for an entire meal—except in the case of coarser meats which need long, slow simmering. To make sure that all the dishes for one meal are finished simultaneously, it is desirable to plan time of starting ahead. Clock-watching is as helpful as accurate measuring. When the meal is planned, the time of putting each item on the stove to cook is also decided on.

Selecting food in accordance with the right process for cooking will also help. An all-baked meal—very good on a cool day—has also the convenience of one process for all, instead of watching three different cookery processes. Meals can be planned with relation to the other jobs going on in the household that day. It is said that the New England boiled dinner traditionally consecrated to Monday is a heritage from the good managers of an earlier day. Monday, always the heaviest day for housework in the old New England family, made it necessary for the busy housewife to prepare a substantial meal that took the least amount of watching. Long, slow cooking of coarse meats and vegetables that required no watching, that was the solution. While the boiled dinner boiled, the busy homemaker occupied herself with the weekly laundering which in the days of no mechanical helps, was an all day job.

It's an individual problem in each household—how to match the various tasks so that one can keep two or three going at a time. But the more jobs that can be kept running simultaneously, the more leisure there's left at the close.

## BROADWAY LOSES WINTER GLITTER IN WARM MONTHS

Gotham's Canyons Blow Hot Breath Toward Weary Workers

NEW YORK, July 7.—Glittering Broadway has lost its glamor. It is summertime on the great white way. American's dream street today is little better than a cheap tawdry glorified alleyway.

Warm breaths of unclean air sweep down the Broadway canyon. No one knows where they come from, but they seem to be from the mouths of fiery furnaces.

Worn haggard men and women walk slowly in and out of hotel lobbies, up and down the street, as if looking for a cool place. People are sometimes disagreeable these days but it's generally because of the heat.

Handkerchiefs are dripping wet. Linen sticks to the body. Electric fans only succeed in giving one a very bad summer cold. Certain plump ladies and gentlemen console themselves by remembering that in hot weather one loses weight.

### Few Theaters Open

Few of the theaters are open. The movies (or is it passe to say movies, and not talkies) beacon with promising posters of the polar aspects of their splendid palaces. If one believed in signs one would carry fur coats to the movies.

The gathering places of the town wits, the restaurants where the "celebrities" and "interesting" people gather are empty, except for the waiters. These waiters, gentlemen, so polite and eager for your comfort yesterday, stand around talking about "this I have gotten" and about the "good old days" when people spent money and tipped—really tipped.

Speakeasies, however, continue to thrive in spite of the heat. New ones open their doors everyday and invite patronage. The prices remain as bad as the scotch. The cop on the corner of Lexington and 45th street says: "Sure and y'd think people had no home the way they live in these here speakeasies. Soon there won't be an honest cellar in town!"

The lobbies of the smart hotels no longer ring with the laughter of finishing schools girls and college boys "down for the week-end." The debutantes are conspicuous by their absence on Park avenue. They are all on Long Island playing tennis and golf, and getting sunburned. It's fashionable to be "tan."

### Railroad Travel Heavy

The railroad stations are filled on Fridays and Saturdays with eager young men carrying tennis rackets and golf sticks. For two days they are going to breathe fresh air and look at green grass and shady trees and whisper things into the ears of sympathetic bobbed heads. They will say, "After all one should really be married. Real happiness comes with marriage. When I get married I am going to ... and ... and ..."

Monday morning finds them again riding reality. There is one cry, "The heat's awful. I guess it's the humidity." The routine of the office. Men in shirt sleeves. Lunch on a porcelain table in a crowded "coffee pot" amid a clatter and din. "I'd like to get a boat and sail all over the world."

"I'd like to go to Europe."

"I'd like to go out on a ranch."

"The best thing to do is to buy a plane and then you could go anywhere."

"I'd like to ..."

The summer drags on. The fall is in the distant future. Soon it's almost here. There will be autumn leaves and football games. People will begin coming back to town.

"The fall is really the best time of the year."

"Anyway summer has its ice cream!"

## GREENFORD

Dr. P. H. Leimbach left last Sunday to attend the annual American Medical association meeting held at Detroit, Mich., from which he returned by air plane from Detroit to Cleveland last Wednesday evening.

Mr. and Mrs. James Coy of Salem were guests of Mr. and Mrs. A. W. Bush last Thursday.

Elizabeth Dively and Pauline Knopp are taking a six-weeks course at Kent.

Mrs. Jane Clark of Leetonia recently spent a few weeks with the family of Eli Stoffer of Toots corners.

The G. C. P. club boys of Greenford and the boys working on the state road played a game of ball on Greenford school ground last Wednesday evening. Score 6-5 in favor of road club.

Mrs. A. P. Simpson and Mrs. C. F. Powell and son Ted of Youngstown, were Greenford callers last Thursday.

Several from this vicinity attended the demonstration held at Wooster experiment station last Monday. Miss Margaret McLuckie of Berlin, Pa., who spent the past six weeks with her aunt, Mrs. L. P. Dively and family returned to her home last week.

Mrs. Rena Huston of Pa., came Saturday to visit her old schoolmate, Miss Lottie Zimmerman. Sunday they visited the former's cousin, Mrs. Millard Huffman.

Mr. and Mrs. David Barr are spending some weeks here with his sister, Mrs. Arthur Butcher, and family.

H. C. Seran of New Cumberland was a Greenford caller Monday. Mrs. Genevieve Seran and son came Monday to spend a few weeks here with her grandfather, Charles Carr.

Mr. and Mrs. Lester Neville, sons Edward Lee and Dana, of Alliance visited her cousin, Mrs. Ralph Dressell and family, Sunday.

## FINE IS PAID; STILL IN JAIL

Deputy Sheriffs Free Wrong Man From Cuyahoga County Prison; Face Dismissal For Action

CLEVELAND, July 7.—William Mulvey has settled his debt with the law but for the time being he can sit in the county jail and enjoy his liberty in theory only.

A woman appeared Saturday and paid off the \$40 left of the \$50 fine and costs Mulvey was serving out for being a suspicious person. A man who said he was Mulvey answered when Mulvey's name was called in the bull pen and sauntered out into the public square a free man.

Sheriff E. J. Hanratty learned yesterday, however, that it was John Bagwell, awaiting grand jury action on a charge of entering a dry goods store, who answered to Mulvey's name. An exhaustive investigation was under way, with two deputy sheriffs due for suspension.

## WHEAT ADVANCE BEYOND AVERAGE

Harvest This Year Early; Rainfall In June Below Usual

LISBON, July 7.—All crops and vegetation suffered from the lack of rain during June, it was announced today by Lawrence H. Copeland of Millport, cooperative weather observer for Columbiana county for the U. S. Department of Agriculture.

While clover hay is being made, the hay crop is short as is the oats crop. Considerable wheat is ready for harvest, and some fields are now being cut.

While the wheat crop will be fair, the harvest will be about one week earlier than a year ago. Oats fields, corn, potatoes and pasture lands are in dire need of rain.

The total rainfall for so far this year is 17.99 inches, the normal rainfall for the same period during the last 37 years has been 18.56 inches.

So far this year, June has been the driest month June is usually a month with more rain than that experienced this year, and the temperature and rainfall for last month were both below normal.

The mean maximum temperature for June was 76.2; and the mean minimum was 54.4, with a mean temperature of 63.8. The maximum temperature was 91 degrees on June 30 and the minimum was 32 on June 1.

The greatest daily range in temperature was 45 degrees on June 29. Total precipitation for June was 1.45 inches and the greatest in a given 24 hours was June 10 when 97 inches of rain fell. There was one killing frost in June and 18 thunderstorms recorded. During June there were 10 clear days, 18 partly cloudy days and only two cloudy days.

## MARKETS

NEW YORK, July 7.—Stock prices declined in the early hours today as the bears resumed selling after the three-day vacation. A few large blocks were offered at the opening at concessions of a point or two from the Thursday close, and prices continued to slide off, although trading became increasingly dull toward noon.

Losses of three points appeared in numerous leading utilities and industrials, including U. S. Steel, Consolidated Gas, American Telephone, American Can, Gillette, Electric Power & Light, American Water Works, Westinghouse Electric International, Harvester and Vanadium Steel. North American, Worthington Pump, Air Reduction and American Tobacco lost 4 to 5. Du Pont, Atlantic Coast Line, American Locomotive and Simmons all touched new lows for the year. Call money renewed at 2 per cent.

## BANK ROBBER IN CHICAGO PRISON

Notorious Bail Jumper Arrested On Tip In Illinois Home

BUCCYRUS, July 7.—Crawford county officials planned to start extradition proceedings today for the return of Wilbur Hand, 34, notorious bank robber and bail jumper under arrest at Chicago.

Hand skipped away nine months ago under \$25,000 bond posted pending his appeal to the state supreme court on his conviction of participation in the \$175,000 robbery of the Commercial Savings bank at Galion, June 29, 1927.

He was arrested once at Washington, but broke jail and was not apprehended until yesterday when Chicago detectives, acting on a tip that he was in that city, found him in bed at the home of an aunt living on the south side.

Hand jumped his bond after he and Harry Zillich of Toledo, were convicted of the Galion robbery. Zillich is now in the state penitentiary, but had appealed his sentence of 12 to 15 years.

He vanished until last October, when he was picked up as a suspicious person at Washington. He walked out of the jail, however, before Ohio authorities reached Washington. His escape caused a police shakeup in Washington.

Hand has a police record dating back 17 years.

Hand also is wanted for bank robberies at Toledo and Plainfield, O., and Harrisburg and Abbeville, Pa. In addition, police sought to connect him with a series of bank robberies in Illinois and Wisconsin.

# Dun Eden Easily Wins 8-2 Decision From Sharon Merchants

## Lakers Present Strong Lineup To Annex Ninth Win Of Season Sunday

Presenting its strongest lineup of the season, Dun Eden (easers) annexed their ninth decision of the year, easily defeating the touted Sharon, Pa. Merchants by an 8-2 score at Dun Eden Lake park Sunday afternoon.

With an infield composed of Malcolm Rush, Harry Seitz, Ken Grimes and Ben Sharkey, and Lefty Bradt, Arthur Borton and Berry in the outfield, the Lakers presented a formidable aggregation on both offensive and defensive and coasted through to an easy victory.

Johnny Howell performed on the hurling mound for Dun Eden, striking out nine opposing batsmen and held them to four hits, one of them a homerun by James, Sharon left fielder. Borton hit for a circuit for the Lakers while Rush swatted two triples.

**Rush Stars At Bat**

Rush was the leading Salem batsman, hitting safely three times in four trips to the plate. Borton hit a homer and single in five times at bat and scored three runs.

The lake team played errorless baseball the entire game, a double play, Rush, Seitz to Grimes, being one of the fielding features of the contest.

Grimes is a former American association infielder and replaced Rush at first base. Rush was switched to shortstop with Seitz and Sharkey at second and third, respectively. Seitz is recognized as one of the flashiest infielders ever developed in Stark county.

Pete Scullion started the game behind the bat and gave way to Mike Sartick in the sixth inning.

**Oppose Capton Sunday**

Dun Eden clashes with one of the strongest semi-pro aggregations in Ohio next Sunday when it opposes the strong Canton General Tires, last year a contender for pennant laurels in the Ohio-Pennsylvania league.

## MOTORS DEFEAT ALLIANCE TEAM

Salem Grate Motors won their 12th game in 14 starts, defeating the Alliance Lake park aggregation, 4-3, in a well-played and hotly contested affair Sunday.

Johnson, hurling for the Motors, held the visitors to six hits and struck out nine.

The Grates have lost only one game during the season, tying a second. Summary—

## Efforts To Bolster Lineups Succeed In Majors; Increase In Strength Of Teams Shown

A large part of the first half of the major league baseball season has been spent in strenuous efforts on the parts of various managers to strengthen their clubs for the latter part of the year and the success of their efforts is quite evident in the current standings of the clubs.

Washington's big deals with the St. Louis Browns and Chicago White Sox turned out to be an important factor in making the American league campaign a duel between the Senators and the Philadelphia Athletics. The acquisition of Henie Manush gave them some batting punch where it was needed while Al Crowder has turned out to be an effective pitcher in Washington. Art Shires and Dave Harris, formerly of Chicago, also have helped improve the Senators' batting average.

The result is that the Senators and the Athletics today are tied for the league lead although the deadlock may not last long in the quick shifts of the standing brought about by the fact that Philadelphia has played more games. It was Shires who brought about the tie coming through with a pinch single with the bases full in the tenth inning to beat the New York Yankee, 3 to 2.

**Senators Hold Win Streak**

Washington now has won 15 out of 16 games, showing the Yanks 5½ games into third place by sweeping the series.

The Athletics kept their place in the sun by winning their third close decision in a row from the Boston Red Sox 4 to 3. George Earnshaw scored his eleventh victory of the year, gaining a slight edge over Dan MacFayden.

The fourth place Cleveland Indians, who have kept out of the second division during their recent slump only because the rest of the league is so far behind the leaders, showed signs of improvement as they opened against their western rivals at home. Clint Brown pitched a good game for them and they shut out the St. Louis Browns, 7 to 0. Waite Hoyt also pitched well and led Detroit to a 5 to 2 victory over the Chicago White Sox.

**Boone Stars For Robins**

The Brooklyn Robins, who choose to add strength to their team by ob-

tainning Boone from the Pacific Coast league, found good reason to be pleased with their new acquisition. Boone made his debut yesterday and played the principal role as the Robins regained first place in the National league by beating the Boston Braves, 10 to 4. He hit a home run and a single and made a great catch of a fly, diving into the bleachers to grab the ball.

Cincinnati helped bring about this latest disturbance in the standing, which put Brooklyn ahead although tied with the Chicago Cubs in games. The Reds took both games of a double header from Chicago by scores of 5 to 4 and 8 to 7, breaking a losing streak of five games. Brooklyn's second game, which might have sent the Robins down again, was rained out in the third inning.

The third place struggle between the New York Giants and St. Louis Cardinals remained unchanged as both teams won double headers. The Giants trounced Philadelphia, 10 to 8 and 6 to 2, standing off a ninth inning rally which brought the Phillies five runs at the end of the first game. The Cards made it 12 victories in their last 15 games by winning a 2-1 decision over Pittsburgh in the first game although they made only two hits off Spencer and following it up with a 12 to 4 victory in a slugging match. Douthitt's ninth inning home run won the first game after Spencer's wild pitch had provided the other Cardinal run.

## LEAGUE-LEADERS CONTINUE PACE

COLUMBUS, July 7.—Effective relief pitching by the veteran hurler Ben Tincup enabled the league leading Louisville Colonels to get an even break with the Indianapolis Hoosiers in a twin bill on the Ken tuckians' slumping ground yesterday. Tincup retained credit for the victory, his ninth consecutive win of the season. O'Leary, the Louisville short stop, closed a home run. St. Paul took another drubbing from the Minneapolis Millers by an 8 to 5 count.

After Ferguson, Mudhen pitcher, had held the Columbus Senators to

seven hits in the first half of a twin bill in the Lake city, the down starters came back with a wallop, aided by the big bat of Earl Smith, who hit three singles in four trips to the plate, and won the afternoon.

The Milwaukee Brewers nosed out the Kansas City Blues 5 to 4 in a 12 inning encounter which was featured by home runs by Turgeon and Blockson.

## Son Of Major Star Back In Baseball

WASHINGTON, July 7.—It was only a few months ago that the sports deusters were saying the

baseball career of Walter Johnson, Jr., had ended before it was fairly begun.

Last winter, the youngster, 15 years old, was run down by an automobile. Both legs were broken and it was feared for a time that one might have to be amputated.

Yesterday, almost entirely recovered, he pitched two hitless innings for the Bethesda Juniors, and proudest of all the spectators was Walter Johnson, senior.

The youthful pitcher with the great name opened the game for Bethesda sandloters and retired after two innings because his father felt he should take no chances with his legs by going to bat and running bases.

## What The Stars Did Yesterday

(By The Associated Press)

ART SHIRES, Senators—Pinch single in tenth drove in tying and winning runs against Yankees.

WAITE HOYT, Tigers—Held Whitesox to seven hits and beat them, 5-2.

TAYLOR DOUTHITT, Cardinals—Hits home run in ninth to beat Pirates, 2-1. Cardinals getting only one other hit.

GEORGE EARNSHAW, Athletics—Beat Redsox, 4-3, permitting nine hits and striking out seven.

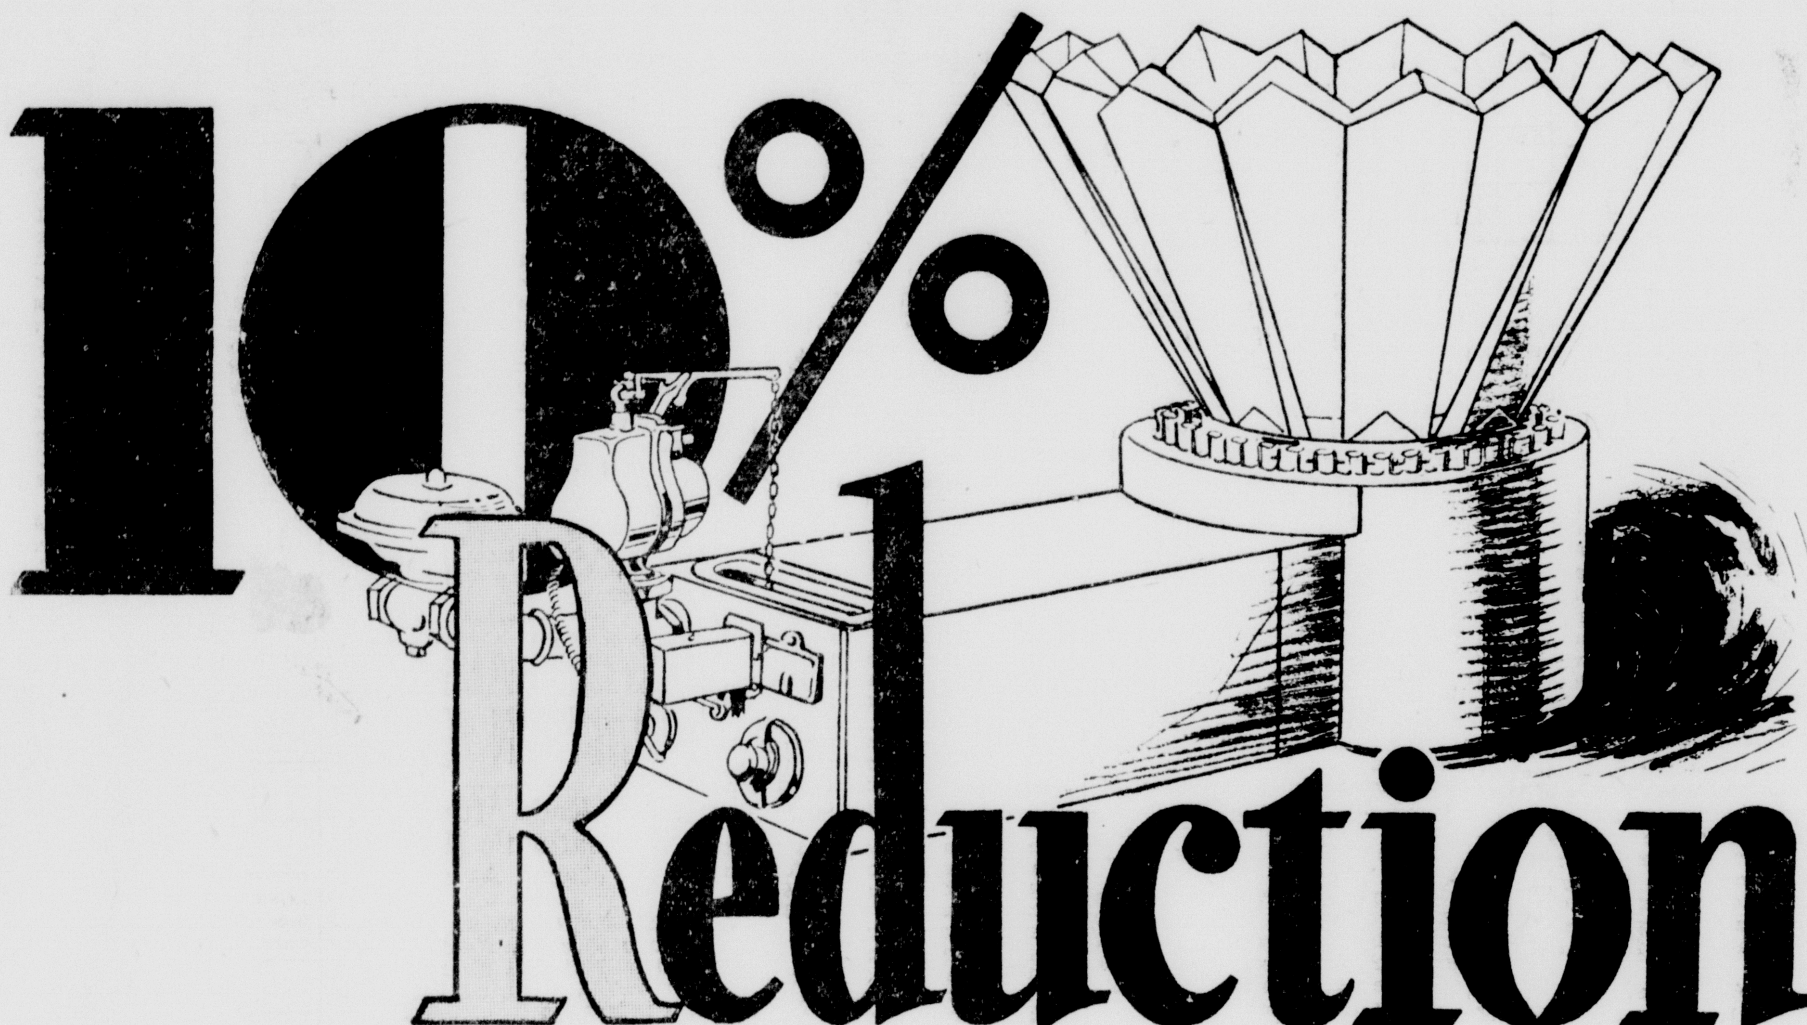

IKE BOONE, Robins—Coast

league recruit makes debut, hitting single and homer and making sensational catch in left field.

## City Closed While Census Is Taken

TIRANA, July 7.—For a census just held in Albania no one was allowed to leave his house, all work was stopped and all inns and coffee houses closed on census day. Despite these precautions many people are reported to have evaded registration.

**If we can install an Automatic Gas Burner in your home in July**

This unusual offer of a full 10% reduction in price and extremely liberal payment terms if you let us put in a Surface Combustion Gas Burner during July, frankly are for the purpose of getting prospective users of gas heat to act now!

Last Fall in the rush of heating equipment installations we were forced to disappoint hundreds of our customers because there simply wasn't time to take care of all. We want to be able to serve everyone this season and accordingly we make the 10% price sacrifice so that our installation crew can get a big start on the season's work.

## AS LITTLE AS \$5 DOWN

Terms never were more liberal. As little as \$5 will do for a down payment. You needn't pay anything more until October. During December, January and February payments will be only \$1 per month. And you have 24 months to take care of the balance.

But, remember, this offer is good only for orders we receive during July with permission to make immediate installation. The full installed price of \$185 goes back into effect at the close.

## GAS HEAT FOR EVERYONE

Every family interested in improving home living conditions wants automatic gas heat. Everyone knows how much more satisfactory it is than old fashioned hand fired methods. Everyone knows how the uniform temperature, that gas heat provides, protects the health of the whole

family. And every woman knows that gas heat cuts housework in half and leaves her free of all heating troubles.

Everyone knows all these advantages of gas heat but many are held back from it by a mistaken idea as to its cost and the cost of equipment.

## FITS IN ANY FURNACE

With the Surface Combustion Gas Burner you do not need a new furnace or boiler. It slips into any coal furnace or heating boiler without changing your heating system in the least. And particularly for the duration of this offer you can have the change made with hardly any outlay . . . as little as \$5 will do.

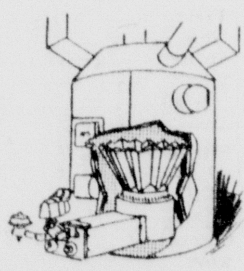

Gas heat is economical, too. Because of the automatic controls and thermostatic regulators, no fuel ever is wasted. Just enough and only enough is used to keep your home at even temperature.

## ASK FOR FREE ESTIMATE

And when you install a gas heating machine under our plan you do not "buy a pig in a poke." Our heating engineers will gladly give you a reliable estimate of the season's fuel cost. You can know in advance of purchase just about what it will cost to heat your home.

Further, your gas heating installation is guaranteed to heat your home to your entire satisfaction.

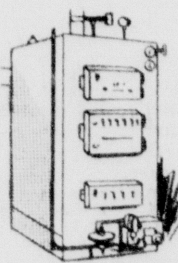

If you will send in the coupon below or telephone the Gas Office we will arrange to give you a free estimate on heating your home . . . without obligation. It will pay you to act now while you can save 10% and enjoy our liberal Summer purchase payment terms.

### Probate Court Activities

Probate Judge Lodge Riddle has appointed Elizabeth J. Lodge as administratrix of the estate of the late Charles E. Lodge of Wellsville. The bond in this matter has been fixed at \$250.

No bond will be required by the court from Mrs. Ariel Kearney who has been appointed executrix of the estate of the late Mrs. Rosaline Hostetter who died recently at Lisbon. The property is to be appraised by J. J. Bennett, L. S. Ward and W. H. Hepburn. The entire estate has been willed to her grandchildren, William D. Gailey of Cleveland, a former resident of Lisbon and Mrs. Kearney.

The court has granted authority to the administratrix to sell property to pay debts in the estate of the late William H. Anson, of East Liverpool.

There will be no appraisal of the estate of the late Mary E. Brooks of Lisbon. In this matter W. B. Brooks has been named administrator, with his bond placed at \$1,000.

Elva Snyder has been appointed executrix without bond in the estate of the late Frank H. H. of Columbiana, and will serve without bond. The court has appointed E. P. Funkhouser, C. B. Clapp and Charles E. Keller appraisers.

Gross Neglect Charged

Gross neglect of duty and extreme cruelty is charged in the divorce petition filed against Isaac H. Allmon, 2159 Harvey avenue, East Liverpool by his wife Inez Allmon by her counsel W. S. Stevenson.

The couple were married at Lisbon Dec. 19, 1921, and no children are of issue. Under the ground of extreme cruelty the petition sets up that the defendant on June 16 last knocked down and choked the plaintiff.

### Foreclosure Asked

Foreclosure of a land contract is sought in a petition filed by Boone & Campbell of Salem on behalf of Emanuel Bauman against Paul and Marie Weber. The plaintiff and defendants entered into an agreement June 1, 1925 whereby the defendants were to purchase lot 990 Appraisers addition, Salem, from the plaintiffs for \$3,500 and upon which there has been paid \$1,170 including interest. The plaintiff now claims there is \$2,330.23 owing him.
